

# Ultra Lite™ and Spring Assist

## Spring Assist Clutch

(optional - \$90.00 retail)

- Heavy shades lift easily.
- Reduces the pull force on heavier shades to approximately 6lbs even on shades weighing up to 22lbs.
- Value-priced alternative to automation.
- Recommended on shades from 96" up to 132" in width.
- Sun Glow uses 2" tube and upgraded clutch for this product.

## Ultra Lite™

(optional - \$60.00 retail)

- Smooth and effortless operation of most shades.
- Reduced pull force required to operate shades.
- Recommended on shades up to 96" in width.
- Value-priced alternative to the Spring Assist and automation.
- Easily concealed in a cassette box or 3" fascia.
- By reducing stress on pre-existing shade components Ultra Lite™ increases the longevity of the entire unit.
- Ultra Lite™ is compatible with:
  - 3" Fascia
  - 4" Fascia
  - CBX
  - Decora 16
  - Open Roll
